

HOME PROJECTS IN A BOX

Snow Flakes

The idea here is for you to pick up the parts and pieces to make projects at home (that we would normally offer in the store as a class). Due to Covid 19 and Dane county restrictions we are not able to hold classes in the store. We will have project sheets laid out in the teaching area along with all the elements needed for several projects. Since it is a fusing project, you will have to bring your assembled creation back in for us to fire in our kilns (unless you have your own). Please return extra materials when you bring back your pieces to be fired. When you are in the store I request you honor three things.

- ❖ Wear a face mask.
- ❖ Be aware of and respect those around you concerning social distancing.
- ❖ Please use hand sanitizer by the front door and throughout the shop.

Fused Glass Snowflakes

- Each snowflake consists of 8 diamond shaped pieces. They are laid out with four pieces on the bottom and four on top.
- Pieces of glass must be laid out on Papyrus paper.
- You may glue diamond shapes to this paper- using white glue sparingly.
- Once the glass is in place, you may decorate it with frit, stringers and /or nibblets.
- When your composition is done spray it well with hair spray provided. This is the adhesive to keep things in place.

Checklist of Materials

- Papyrus paper
- 8 diamonds
- Frit
- Stringers
- Nibblets
- White glue
- Hair spray

We will not be lending out any tools for you to work with.

The following tools will be discounted 20% off of regular price.
